

Vacation at Orlando

I asked my parents to take me on a vacation. So, they took me to Disney World.

I visited Magic Kingdom, Animal Kingdom, Kennedy Space Center, and the Atlantic Ocean.

I visited Magic Kingdom on the first day. I saw a beautiful castle. I took many rides. I met my favorite characters - Mickey Mouse and Donald Duck. I took many pictures.

I visited Animal Kingdom on the second day. I saw many wild animals and learned about them. I enjoyed seeing dinosaurs.

On the third day, I visited Kennedy Space Center. I saw several rockets, launch pad, and took pictures with an astronaut. I watched a movie about planets.

I visited Daytona beach on the fourth day. I made a sandcastle and watched sea waves. I collected seashells and went in the water. The sea water is salty.

Finally, I came back home. It was a great vacation. I want to visit Orlando again.
