

Magical trip

Nakshatra

Hello! I am Nakshatra, studying in first grade at Fatmington elementary school. Today I am going to write about my recent trip. Can you guess the place I'm talking about? I'll give you a clue. This place is magical. Yes! You're correct, it is Disney.

I visited the magical place on a magical day. Yes it was CHRISTMAS! Have you ever been to Disney? No! That's so sad, but don't worry, because I'm going to tell you all the fun things I did.

First things first, I ate Mickey mouse ice cream, popcorn, cotton candy, and pizza. Then I was excited to take picture with Mickey and Minnie mouse. They were huge and gave me a tight hug. Now I want to say about the fun and scary part which are rides. I closed my eyes at the ride because I was scared but when I opened eyes I was so

thrilled. Lastly, I want to tell
about the fireworks. It was
colorful and most beautiful view.
I saw mickey and all princess
glowing in the sky.

Disney is my favorite
place and I will go back
again.
